the number of technical terms employed by existentialist philosophy must be precisely defined in order that the intended thought may be properly understood this book is designed to present such definitions based on documentary source materials by the major existentialists such as kierkegaard nietzsche sartre jaspers marcel heidegger camus and berdysev

existentialism as a philosophy gained prominence after world war ii instead of focusing upon a particular aspect of human existence existentialists argued that our focus must be upon the whole being as he she exists in the world rebelling against the rationalism of such philosophers as descartes and hegel existentialists reject the emphasis placed on man as primarily a thinking being freedom is central to human existence and human relations and encounters cannot be reduced simply to thinking this dictionary provides through alphabetically arranged entries overviews of the various tenets philosophers and writers of existentialism and of those writers

philosophers who in retrospect seem to existentialists to espouse their philosophy  
 nietzsche kierkegaard dostoyevski et al

stephen michelman provides an integrated critical and historically sensitive understanding of this important philosophical movement jacket

the dictionary of existential psychotherapy and counselling is a comprehensive lexicon of existential terms their meaning and application with over 350 entries cross referenced throughout the book is the ideal companion to studying the the ideas of existential pioneers such as kierkegaard heidegger and sartre drawing on their experience as existential practitioners emmy van deerzen and raymond kenward achieve the difficult task of making complex philosophical concepts accessible and practically relevant through the use of illustrative quotations and examples they translate existential terminology into everyday language and show how the ideas are employed in practice they also examine associated themes such as sexuality and religion and appraise the main strengths weaknesses and limits of the existential approach the dictionary of existential psychotherapy and counselling will be invaluable to all trainees and practitioners of the existential approach and to all counsellors and psychotherapists who recognise the centrality of philosophical concepts to their practice

a concise and accessible dictionary of the key terms used in sartre s philosophy his major works and philosophical influences

existentialism is the philosophy of human existence which flourished first in germany in the 1920s and 1930s and then in france in the decade following the end of world war ii the operative meaning of existentialism here is thus broader than it was circa 1945 when the term first gained currency in france as a label for the philosophy of jean paul sartre however it is considerably less broad than the view proposed by commentators in the 1950s and 1960s who in an attempt to overcome sartre s hegemony discovered the seeds of existentialism far and wide in shakespeare saint augustine and the old testament prophets in this dictionary existentialism is understood as a decidedly 20th century phenomenon though with roots in the 19th century effort has been made to understand the philosophy of existentialism as all philosophies should be understood as part of an ongoing intellectual tradition an evolving history of problems concepts and arguments the a to z of existentialism explains the central claims of existentialist philosophy and the contexts in which it developed into one of the most influential intellectual trends of the 20th century this is done through a chronology an introductory essay a bibliography and more than 300 cross referenced dictionary entries offering clear accessible accounts of the life and thought of major existentialists like jean paul sartre martin heidegger martin buber karl jaspers gabriel marcel simone de beauvoir albert camus and maurice merleau ponty as well as thinkers influential to its development such as wilhelm dilthey henri bergson edmund husserl and max scheler this book affords readers an integrated critical and historically sensitive understanding of this important philosophical movement

critical theory has become the common denominator in the study of the modern human sciences the amount of theory is bewildering and access to it is complex as new fields of study open up and academics reassess the old disciplines in the light of a new theory the student is faced with a vast array of critical tools with which to tackle his or her subject what is required is a book that serves as an introduction to the range of theories and theorists at an academic s disposal the penguin dictionary of critical

theory fulfils that need the penguin dictionary of critical theory is a resource for all students and is an authoritative reference to this huge and confusing subject book jacket

in this clear concise guide to existentialism for students philosopher michael allen fox carefully defines existentialism explains how it has evolved and illuminates its relevance for today

introduction to hermeneutics the art and science of interpreting the bible is a practical theological book on hermeneutics and interpretation by dr luis e montero its purpose is to help students grasp and understand how to derive meaning from biblical texts through exegesis this book introduces essential ideas concepts principles and methodologies of hermeneutics all informed by the author s theological experiences studies and training with an extensive theological education and 20 years of teaching experience at the international apostolic bible college iabc the writer is well equipped to guide students in understanding hermeneutics his role as the founder and shepherd of beracah valley of blessing apostolic church in trenton new jersey along with his academic achievements a master s in divinity from princeton theological seminary and a doctorate in ministry from mccormick theological seminary further validate his expertise in this field the book will explore the intriguing question what is hermeneutics it will highlight the importance of understanding epistemology and its role in hermeneutics additionally it offers a fresh perspective on how modernity has influenced the hermeneutics of christianity sparking readers curiosity significant contributions from influential figures in hermeneutics such as friedrich schleiermacher wilhelm dilthey karl barth rudolf bultmann and paul ricoeur will also be underscored moreover this book will provide unique theological insights into pentecostal hermeneutics addressing questions such as what are some of the core tenets and practices of pentecostal hermeneutics how did pentecostal hermeneutics respond to the modernistic cessationist and rationalistic approaches of evangelical protestants this manuscript will present five components for developing a distinctive pentecostal hermeneutical theology offering a unique and enlightening perspective it will also outline five steps for effective hermeneutics providing practical advice drawn from the author s pastoral exegetical theological and hermeneutical experiences

western culture has changed radically in the last fifty years death seems less dreadful sexuality less sacred and humanity less dignified reason has yielded to passion and science often to political bias philosophically and culturally the west has slowly moved from modernism to postmodernism it s not surprising that this shift has also radically affected the christian church the doctrinal confidence of the past 350 years has given way to greater levels of theological confusion but while the new era thrives on religious pluralism a refreshing desire has arisen among many christians to experience and share the unchanging good news of jesus more authentically accurately and passionately this book is written to help ordinary people understand the nature of the transition that has occurred and to inspire them to allow the gospel itself to shape life and church ministry in the midst of this great change each chapter ends with important questions for reflection or discussion

a reference for students in late high school and early college who are examining literature from the perspective of literary movements entries are international in scope and describe some 500 major and less well known literary movements schools genres techniques and terms of the 20th century as well as major 19th century movements which have exerted tremendous influence on 20th century literature each entry describes writers identified with the movement representative works

literary techniques and philosophical and artistic tenets and historical and cultural context
