biblical literature is as philosophically savvy as any ancient intellectual tradition using story law and poetry to reason with us

this volume delineates the link between judaism and christianity between old and the new testaments and calls christians to reexamine their hebrew roots so as to effect a more authentically biblical lifestyle

the architecture of the human language faculty has been one of the main foci of the linguistic research of the last half century this branch of linguistics broadly known as generative grammar is concerned with the formulation of explanatory formal accounts of linguistic phenomena with the ulterior goal of gaining insight into the properties of the language organ the series comprises high quality monographs and collected volumes that address such issues the topics in this series range from phonology to semantics from syntax to information structure from mathematical linguistics to studies of the lexicon

this book takes a fresh look at the apostasy of the early christian church most latter day saint scholars and leaders previously based their understanding of the christian apostasy on the findings of protestant scholars who provided a seemingly endless array of evidences of apostasy in christian history since the classic treatments of this topic were written many newly discovered manuscripts written during the first christian centuries have come to light giving a clearer picture of what the early christian experience was like drawing on this material lds scholars today are able to shift the focus of study to the causes of the apostasy rather than the effects this volume of essays reports new research by several lds scholars in different fields they identify common myths and misconceptions about the apostasy and promote better understanding of when and why the apostasy occurred

in the 16th century the people of the low countries modern belgium and the netherlands the most urbanized and best educated in transalpine europe provided a ready audience for ideas of religious reform and a sophisticated political framework for the airing of the great debates of the age the present volume reproduces fourteen essays in which james tracy studies different aspects of low countries culture

this study demonstrates that the rabbinic belief system regarding the afterlife and the human soul was the paramount influence on the development of the doctrine of reincarnation that was crystallized in the *sefer ha bahir* the book of clarity illumination a 12th century work written in hebrew and aramaic prior research has noted the great impact gnosticism had on early jewish mysticism in general and the *sefer ha bahir* in particular the analysis of the talmudic and midrashic sources presents a broad spectrum of ideas concerning the eternity and immortality of the soul the nature and characteristics of the soul and the notions of the resurrection of the dead and reincarnation these ideas brought together in the study as a systematic theology reveal a fairly developed tradition that was probably known to the author or editor of the *sefer ha bahir*

miskotte investigates the significance of the old testament to twentieth century life

there has been virtually little discussion about how judaism whether as a religious doctrine or cultural identity has influenced the field of composition studies this chasm in composition scholarship is surprising given that composition studies has been a discipline that has vigorously claimed to embrace and advocate a policy of diversity this book explores the myriad configurations of judaic influences in composition studies that have yet to be articulated but that are made manifest in the theory and pedagogy of radical critical teaching service learning and narratives of literacy identity and politics further the text explores how judaic rhetorical texts can be used to reconstruct traditional rhetoric through its use of language style and symbolism
